experiences for Aakriti, the environment in the hostel, the fun they use to have, different type of people and heavy loads of assignments, placement time, changing attitude of friends. Where on one side it all appears to be very tough to handle and life seems to be very difficult here, on the other hand life became pleasant for her after being friendly with khushi who later becomes her roommate. With time she realizes Neeraj was not serious about her, he behaves in the same way with other students and juniors and there was nothing special about her for him. She was heartbroken but she didn't said anything to him as she realized that he never made any commitment to her and wished him good luck and said bye forever . Where after that Aakriti suffered the pain and agony from being separated by her love, Neeraj realizes that Aakriti really loved him and started missing her. He realized he could not do without her and what he has lost. After the 3rd trimester break when Aakriti came back to lucknow and miss each and every moment in college when she saw him, Neeraj wasn't there for her. Khushi her roommate understands her feelings but didn't want her to live in fantasy and want her to move on. Once when she was sitting in her room someone knocked Aakriti's room and she was shocked after opening the door. Who was there at the door? Is this any how related to her dreams? Did she finally get her love? Will there be the successful ending for this cute love story ? Now a little about me. I am an avid reader of romance and love writing it as well. I have taken part in many of the poem/creative writing programmes in college and got certificates also. I believe the story would definitely fascinate the youngsters and for all other readers it would bring their old memories of college life back.

Coming of Age Del Rey

The inclination towards two wheelers is not newer to the world. From the very beginning, two wheelers are recognized as a mark of triumph, independence and joy. These are considered fast, safe and easy mode of transportation with worthy fuel economy. With the arrival of automation and electronics in two wheelers, the study gained more momentum, which led Two and Three Wheeler Technology to emerge as a new discipline of automobile engineering. The book explains traditional and modern technologies in an easy to understand manner. Various technologies have been explicated with appropriate 2D and 3D diagrams to support learning. Text comprises the state-of-the-art developments in the field of two wheelers. Detailed explanation on the actual assemblies helps the students to cognize the technology systematically. Although the emphasis has been given to the two wheeler technology, considering the requirement of various syllabi, the last chapter is solely dedicated to three wheeler technology. Chapter-end review questions help students in preparing them for examination by self-assessment method. Primarily designed for the undergraduate and diploma students of automobile engineering, the lucid and simple presentation of the book makes it useful for the commoner, who has keen interest in this area. It is a useful guide for a vehicle owner for understanding mechanism and parts, which may help him in maintaining his vehicle at best efficiency.
