As her husband's killer stands trial, a woman must come to terms with her marriage's hidden fault lines Katie Burelli is living a wife's worst nightmare. Her husband, Nick, a speech therapist, has been killed, shot at point-blank range by Jerry, one of his mentally handicapped patients. Now, she sits in the courtroom, playing and replaying the events that led up to the murder. As the trial progresses and Katie searches her own recollections for answers, she begins to confront the truth about her marriage and her own responsibility for its dissolution. In chapters alternating between the past and present, Lies of the Heart unravels the truth behind the mourning widow's grief. Katie- long overshadowed by her beautiful, successful sister-pinned her emotional well-being on Nick, whose unpredictable rampages only fueled Katie's destructive insecurities. As the cracks in their relationship began to appear, both welcomed Jerry into their family, hoping that by fixing him they could fix themselves. A powerful debut novel and a rich tale of psychological suspense, Lies of the Heart masterfully dissects a marriage and explores the path of self-discovery that can sometimes be found in grief.

A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.

REVISED THIRD EDITION ALL PROCEEDS GO TO CHARITY - THE CHRISTMAS BOX HOUSE INTERNATIONAL. We are all writing the story of our life. We want to know what it's about. What are its themes and which theme is on the rise? People want to know where this book is taking them and where they are headed. Not to spoil our heat-embracing ending, but I want to ensure that when the ending comes, it won't be shallow; I will have done something life-transforming for others through this book. This book is about that life-transformation we all want for ourselves. I began this book because I hit that point in my life. I became intrigued by people who had unearthed their true calling...or those people who were willing to try. In this book, Embraced, nothing seems braver to me than facing up to one's own identity and filtering out the chatter that tells us to be something we're not. In this book I hit on an incredible well-spring of honesty. Complete strangers opened their lives and their homes to me, confessing honesty and events that had never been revealed to ordinary people. By that I mean they did not have resources of character traits available to them to give them an uncommon advantage in pursuing a better life. I'm not an expert of any sort. I have not one credential and nothing to speak about in the academic department, just what you all read about in the book produced by author and owner of Jewel of the West Publishing, Jewel Adams, Out of the Closet, Into the Light, and the live video produced by the President of North Star International and Voice(s) of Hope, Ty Mansfield. These are the only things that I did that ever can be considered helpful additions to the world we share. I did learn from working on this book, Embraced, that it is the hard times that change the course of our lives. In this book I reveal these moments to show my own fallibility. This book is far different from what I originally envisioned. It reflects what I've found not what I predicted. This book does not follow a conventional outline because as you know, real life is not conventional. Each experience can become embraced in our life. So this book is to unearth the psychological secrets that haunt us. It is not organized by industry or personality type. It is not a travelogue. It is about misconceptions and fears. When people heard this book's title, the most common question I got asked was, "So is your book about your life, or about careers?" and I'd laugh and warn them not to get trapped by semantics. I answered, "It is about people who've dared to be honest with themselves." When reading it, I know you will become embraced.

What do you do when you have struggled loyally for years beside your husband, living in financial hardship as you bring up your joint children virtually as a single mother, working toward the good times that you can see coming for all of you, only to discover that your husband is committing adultery and is planning to leave you? Worse, he aggressively denies his affair, denouncing you as crazy to your face and to everyone you know, while he schemes to walk off with everything you have worked so hard for as he is reborn into a new life with a star-struck younger woman, as pretty as you once were, who will enjoy everything you have invested

in - your financial security, your home-life and even your children. Worse still, he is a notoriously hard-ball lawyer with every intention of crushing you in any way he can, of erasing you from his life, of reducing you to nothing, so that he can move on as if you never existed. Daniel T. Broderick III's relentless harassment of his discarded wife, Betty, made her increasingly crazy as he and his girlfriend - then second wife - Linda Kolkena Broderick piled on the pressure, until one day, on November 5, 1989, at her wits' end and believing herself to be acting in self-defense, she confronted them in the early hours of the morning and in a panic shot them both dead. A multitude of onlookers has absolved Betty for what she did. Many even admire her, especially if they have suffered similar fates to hers. One juror at her trial openly questioned why she had taken so long to kill Dan under such extreme provocation. Now, twenty-five years into a thirty-two year to life prison sentence for her second-degree murder of Dan and Linda Broderick, Betty has reluctantly decided to give her personal account of what led up to that fatal and fateful day, when all three of their futures came violently and abruptly to an end.
