Keith Maze has inspired many people during his battle with cancer. Battle is a good way to describe it. Maze is more of a battler than a victim. Maze has always been a fan of the underdog, rooting for and helping them in any way he can. Even during the darkest days of battling the disease the talented singer organized or performed at many charity events. So who could have imagined that one of the underdogs he helped was, well, a dog? Maze found the Jack Russel named Wishbone annoying in the beginning. Between the frequent fights with another Jack Russel, and constantly dropping a plastic toy on top of Maze's shoe in an effort to get his attention, the dog was nothing more than a nuisance. But then the dog lost one of it's limbs in a tragic accident and everything changed. The two suddenly had something in common - being "Single Handed". This story will draw a tear to your eye, but have you laughing at the same time. Not only can you overcome adversity during the worst moments, you can also do it with a smile.

The heartwarming and unforgettable story of a family and the wondrously neurotic dog who taught them what really matters in life. Now with photos and new material. Is it possible for humans to discover the key to happiness through a bigger-than-life, bad-boy dog? Just ask the Grogans. John and Jenny were just beginning their life together. They were young and in love, with not a care in the world. Then they brought home Marley, a wiggly yellow furball of a puppy. Life would never be the same. Marley grew into a barreling, ninety-seven-pound streamroller of a Labrador retriever. He crashed through screen doors, gouged through drywall, and stole women's undergarments. Obedience school did no good -- Marley was expelled. But just as Marley joyfully refused any limits on his behavior, his love and loyalty were boundless, too. Marley remained a model of devotion, even when his family was at its wit's end. Unconditional love, they would learn, comes in many forms. Marley & Me is John Grogan's funny, unforgettable tribute to this wonderful, wildly neurotic Lab and the meaning he brought to their lives.

Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunction. Rediscover the exhilarating humor and intellectual excitement in Denise Noe ' s first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O ' Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydney. You ' ll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the

arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Order your copy of the collectible First Edition today. Illustrated. Bibliography. Appendix featuring episode synopses.

A Marriage in Dog Years A&C Black

While observing trainers of exotic animals, journalist Amy Sutherland had an epiphany: What if she used their techniques with the human animals in her own life — specifically her dear husband, Scott? As Sutherland put training principles into action, she noticed that not only did her twelve-year-old marriage improve, but she herself became more optimistic and less judgmental. What started as a goofy experiment had such good results that Sutherland began using the training techniques with all the people in her life, including her mother, her friends, her students, even the clerk at the post office. Full of fun facts, fascinating insights, hilarious anecdotes, and practical tips, What Shamu Taught Me About Life, Love, and Marriage reveals the biggest lesson Sutherland learned: The only animal you can truly change is yourself.

Dog House wasn't supposed to be a book about love. It was supposed to be a hugely funny account of the dogs in Carol Prisant's life. And not just the dogs, but that first bird she found at Woolworth's, the monkey that fell in love with her husband's leg, the thankless tiny turtle, and the goldfish her pet- challenged mother flushed down the toilet. Somehow though, this straightforward telling got a little blindsided by things like making marriage work and home- owning and children and a profession and her dear, supportive husband, Millard. Which is why the goldfish will just have to wait for the sequel. This book is still about cold noses, warm bellies, four on the floor, and a snuggler or two. Your basic fur family. It's also about the love of a mother for her son, a wife for her husband, a husband for some dogs, and the love it takes to make a haunted house a home. Your basic family furnisgings. Throw in a lot of antiques, a couple triumphs over adversity, and a more-than-seems-fair share of heartbreaking loss and you have Dog House--the warm, absorbing, and humorous tale of dogs and marriage, love and marriage and life.

Project: Happily Ever After Harper Collins

The New York Times bestselling author of State of Wonder, Run, and Bel Canto creates a resonant portrait of a life in this collection of writings on love, friendship, work, and art. "The tricky thing about being a writer, or about being any kind of artist, is that in addition to making art you also have to make a living." So begins This Is the Story of a Happy Marriage, an examination of the things Ann Patchett is fully committed to—the art and craft of writing, the depths of friendship, an elderly dog, and one spectacular nun. Writing nonfiction, which started off as a means of keeping her insufficiently lucrative fiction afloat, evolved over time to be its own kind of art, the art of telling the truth as opposed to the art of making things up. Bringing her narrative gifts to bear on her own life, Patchett uses insight and compassion to turn very personal experiences into stories that will resonate with every reader. These essays twine to create both a portrait of life and a philosophy of life. Obstacles that at first appear insurmountable—scaling a six-foot wall in order to join the Los Angeles Police Department, opening an independent bookstore, and sitting down to write a novel—are eventually mastered with quiet tenacity and sheer force of will. The actual happy marriage, which was the one thing she felt she wasn't capable of, ultimately proves to be a metaphor as well as a fact: Patchett has devoted her life to the people and ideals she loves the most. An irresistible blend of literature and memoir, This Is the Story of a Happy Marriage is a unique examination of the heart, mind, and soul of one of our most revered and gifted writers.

Amy Hempel's compassion, intensity, and illuminating observations have made her one of the most distinctive and admired modern writers. In three stunning books of stories, she has established a voice as unique and recognizable as the photographs of Cindy Sherman or the brushstrokes of Robert Motherwell. The Dog of the Marriage, Hempel's fourth collection, is about sexual obsession, relationships gone awry, and the unsatisfied longings of everyday life. In "Offertory," a modern-day Scheherazade entertains and manipulates her lover with stories of her sexual encounters with a married couple as a very young woman. In "Reference # 388475848-5," a letter contesting a parking ticket becomes a beautiful and unnerving statement of faith. In "Jesus Is Waiting," a woman driving to New York sends a series of cryptically honest postcards to an old lover. And the title story is a heartbreaking tale about the objects and animals and unmired desires that are left behind after death or divorce. These nine stories teem with wisdom, emotion, and surprising wit. Hempel explores the intricate psychology of people falling in and out of love, trying to locate something or someone elusive or lost. Her sentences are as lean, original, and startling as any in contemporary fiction.

Critically acclaimed master of the short story Amy Hempel ' s Tumble Home is narrated by people with skewed visions of home. Not exactly crazy, they become obsessed and irrational as their inner logic leads them astray. In the title novella, a woman living in a psychiatric halfway house writes to a man she has met only once. Proceeding in brief vignettes that link and illuminate, she recounts her peculiar life with the other patients. The accretions of anecdote lead deeper and deeper into the psyche and history of the narrator, gradually revealing the reason for her urgent letter.

A Story of a Marriage Through Dementia and Beyond is the extraordinary, unflinching account from sociologist Laurel Richardson of her love and caregiving through the last period of her husband Ernest Lockridge's life - from his transient amnesia to his death from Lewy Body Dementia. Focusing on the lived experience of the caregiver through the loved one ' s journey from mild cognitive impairment to death, the book gives the reader the experience of what the medical diagnoses mean and what has led up to the loss. It shows the complex, nuanced lives of a couple both living with the worst effects of a disease like Lewy Body Dementia, while maintaining, sometimes with hope and laughter, their loving connection nourished through a 40-year marriage. Dementia is a ' silver tsunami ' - the third leading cause of death amongst senior populations. Richardson ' s beautifully written book gives on-the-ground emotional support to those already in service as caregivers and helps prepare others for such service. Hospices, book clubs, and medical and allied professionals will find this book extraordinarily valuable. Weaving in autoethnographic and sociological methods and scholarship, as well as a list of reading and further resources for caregivers and scholars, this book will also appeal to courses in a wide range of disciplines and fields, including health communication, nursing and allied health, courses covering death and dying, end-of-life, and illness care, and, of course, scholars pursuing autoethnography, creative non-fiction, and qualitative methods.
